J. Leman Appointed to Head Civic Center Plan Committee

Suspect Released In 'Bomb' Probe

by Howard Archer

A 21-year-old Mt. San Antonio College student was released by the San Bernardino County Sheriff's office late Tuesday afternoon when lie detector tests "proved inconclusive" and investigation continued into a mysterious telephone call which sent a bomb scare through Chaffey College.

(Pictures on Page 2)

Sgt. C. B. Juarez, of the sheriff's office identification bureau, said the youth became a suspect when he was overheard to say "it looks like a bomb scare."

This was but a short time after sheriff's office personnel rushed to the scene at Chaffey College and it was not generally known among those on campus, even college personnel, the nature of task facing some 50 men who later combed campus buildings for the reported bomb.

THE CALL from the still unidentified source came in on the Upland police switch board at 9:37 a.m. Tuesday. Ruby Van Wert, police dispatcher took the call.

"There's a bomb," the voice on the other end of the line stated. "A bomb in the big people's school by the grapes," it said.

Sgt. John McCarthy and Mildred Puckette, a police employee, attempted to trace the call while the dispatcher tried to keep the caller talking. This effort failed and sheriff's West End sub-station personnel were immediately notified.

Lt. Les Jones, commander of the West End station, hurried to the scene to take charge of the search for the bomb. Inspector Robert I. Graefe, of the San Bernardino office, was already at the campus.

GENE BILLINGS had the new $20,000 Alta Loma fire truck at the college and on a standby basis. The Cucamonga volunteer unit also had been alerted and was standing by if help was needed.

The campus swarmed with police officers and sheriff's deputies and students were quickly and quietly evacuated from campus buildings.

Lt. Jones divided the personnel on hand into five-man teams and the search for the bomb started. It ended about two hours later and students went back to their classrooms to resume their regular routine.

The campus was once again back to normal but the only partially informed students found it difficult to concentrate on the business of education.

Authorities now have begun the task of sifting each bit of information and clue available in an effort to determine who the mysterious caller is that created the organized confusion at the Alta Loma college.

The answer may come soon or it may never come.

Fred Draper Tribute Paid By Red Cross

The Upland Chapter, American Red Cross, today paid its final respects to Upland pioneer Fred E. Draper, 70, who died last Thursday from a heart affliction.

Mr. Draper, 594 Laurel Ave., formerly served as treasurer of the Upland Chapter and was a former council member and past president of the Upland School Board.

The following statement was released to The News:

"As a fitting tribute to Mr. Draper, contributions by his friends have materially increased the Memorial Building Fund of the Upland Chapter, American Red Cross.

"Members of Mr. Draper's family are pleased that such recognition has been given in his honor."

CLINTON THOMPSON, Chapter chairman, expressed his gratitude when he said:

"All members of Upland Chapter desire to join me in expressing their appreciation for the many years of faithful and unending service rendered by Mr. Draper. The Chapter will sorely miss him."

Funeral services were conducted last Saturday at Memorial Chapel in Ontario with Dr. Robert McLean, interim pastor at Upland Presbyterian Church, of which Mr. Draper was long a member, officiating.

Entombment was in Bellevue Mausoleum.

Three Board Members Will Seek Job Again

Ben Allen, Charles Smith and W. W. Woodward this week expressed their intention of running for re-election to the Board of Trustees of Chaffey Union High School District.

Terms of the three expire June 30. They intend to have their names on the ballot in the April 18 school board election in the district.

Allen, who lives in the Narod area this year, is completing his fourth one-year term as president of the board. He has served on the board since July 1, 1956.

Smith is a resident of Alta Loma, and is completing his first term as a member of the board. He has served four years. Smith said he felt obligated to serve another term, the first being sort of a training period.

The same thoughts were expressed by Woodward, General Electric Shop Engineer. Woodward, who lives in Upland, said he felt the greatest value to the community is offered by a trustee during the second and third terms on the board.

The three incumbents will be seeking four-year terms, instead of three as it was in the past. The last legislature changed the terms by setting school board elections on odd numbered years only.

Terms of Paul Cushing and Arnold Anderson, the two other members of the board, run until June 30, 1963.

The Chaffey District trustees govern Chaffey, Upland and Montclair High Schools.

The Vallons plan to remodel several of the rooms and the kitchen and paint and remodel the exterior but will retain the style as it now stands. The new owners said they would operate the Inn on a hotel-type operation with room and board and catering to permanent tenants also.

$200,000 Alta Loma School Bond Election Set January 17

On Jan. 17 the Board of Trustees of the Alta Loma School District is submitting to the voters a bond issue totaling $200,000.

The district's last bond election was held in October of 1956. This money has now been expended on school development including land, buildings and site development. In the four years since 1956, the school enrollment has increased from 286 to more than 370 children. The teaching staff has risen from nine to 13.

This sharp rise means that we cannot delay the building program without jeopardizing the school program, a board spokesman said.

The $200,000 the district is asking for will finance two projects:

1. The first will be the completion of two more classrooms on the Amethyst St. site. This will complete the total allotted for this plant. It will provide a total of 15 classrooms able to handle 450 pupils.

2. Within the next several years the Alta Loma School District will be divided by a freeway going through from east to west above 19th St. The remainder of the money will be used within the next few years as bonding capacity becomes available to do the initial site work and construct a first wing of classrooms on a site to be located above the freeway.

SINCE THE district can have in bonds outstanding 5 percent of its assessed evaluation, the bond redemption tax rate will continue at its present level.

The sale of these bonds will not necessitate an increase in the tax rate, the spokesman said.

A public meeting will be held on Thursday, Jan. 12 for all parents and citizens who wish more information or who have questions concerning the school building program. This meeting will be held at 7 p.m. in Room 10.

Property Costs, Sites are Sought

City Council decided in an adjourned meeting on Tuesday afternoon that it is time to move forward on a Civic Center and expansion of parks and recreation areas and J. Leman was named to head a committee which will study and draft the overall plan.

Council voted to adhere to the practice of acquiring recreation sites adjacent to school locations in keeping with "sound planning practices."

This move came after Councilman Bill Kistinger pointed out that five acres were available at the Baldy View School site and 10 acres at the site of the new junior high on W. 18th St.

THESE SITES, said Kistinger, could get away from us if we don't act now.

Named to serve with Leman as members of the Civic Center study committee are Councilman Bob Marriott and City Manager Elwin Alder.

It was Leman who suggested that a committee be formed to probe the Civic Center project and recommend plans and proposals for its development.

Council then moved that two councilmen and the city manager comprise the committee to "explore sites for acquisition of property to develop as a Civic Center.

LEMAN TOLD Council that the program had been discussed for nearly five years with no positive action taken and that the committee should be named as soon as possible.

Mayor Abner Haldeman, in naming the committee, reiterated his concern for good, sound economic conditions and sound future planning.

Leman stated that a bond issue probably would be necessary for funds with which to acquire sites and develop the program.

THE THEME for the committee probably will be one of specifics, embracing specific sites, specific property, specific costs and specific locations.

This was the trend of thinking and questions brought out at the Tuesday session.

Councilman Phil Holden told other members of the council that he would not be in favor of putting on a "big front" with the Civic Center and did not want to construct something just to impress persons passing by.

"I want something functional that will meet our needs," he stated.

State May Change School Election Filing Deadline

Filing deadline for candidates for school boards may be changed at any moment to March 3 by the State Legislature.

Currently the deadline is 30 days prior to the April 18 election, which would be actually March 17, because March 18 is on Saturday.

However, pending legislation would change the deadline to 45 days before the election, making the last day on which to file March 3.

If that proposed legislation passes with an emergency designation and is signed by the governor, it will become effective immediately.

The County Superintendent of Schools, with whom candidates file, has recommended filing by March 3, in case the legislature does change the filing deadline.

School Board Discusses Budgets and Financing

Discussions on budgets, balances and the new administration building highlighted Monday night's meeting of the Chaffey Union High School District Board of Trustees.

Assistant Superintendent Edwin Hunt told the Board that the general fund cash balance slipped to a "pretty thin" figure of less than $4,000 before the first installment of property tax funds swelled the fund to a $447,000 mark.

The balance cited by Hunt included a $100,000 loan which the School District contracted from the county.

The budget topic came up when the Board was informed that forms were to be distributed to various departments within the school district this week and are expected to be completed and returned to the administration business office within 39 days.

THE PRELIMINARY budget is expected to be submitted to the Board at the March 6 meeting.

Remodeling of one of the buildings on the Chaffey High campus into administrative offices for the school district has been delayed again because of several corrections in the work to be made before the Board will accept the building from the contractor.

Painting and other flaws in the remodeling are factors being considered by the Board for correction before the offices can be established in the new quarters.

Allan Smith, district superintendent, said the contractor is now paying a $20 daily penalty because of the delay in completion of the remodeling.

The penalty went into effect Dec. 30 and will continue until the Board accepts the building.

The Board also discussed a plan whereby trustees would be selected from within designated areas in future elections and named Board member Wren Woodward and Smith to study the boundry plan and report their findings at a later Board session.

IT NOW APPEARS, however, that the California education code limits area trusteeships to unified districts and Chaffey District operates under a Union plan with high schools in an area that has several elementary school districts.

Smith said county counsel would be consulted as to whether or not a Union District can establish area trusteeships.

The Board plan is designed to avoid concentration of trustees from an area within the district.

The Board now consists of two members from Ontario and one each from Upland, Cucamonga and Montclair. The latter three seats are up for election again on April 18.

In other action Monday night the Board accepted the resignation of Don L. Morton who has been serving as "behind-the-wheel" driver-trainer for Upland High School.

Freeway Widening Bids Opening Set

The San Bernardino Freeway (U.S. Highway 70-99) will be widened from a four-lane to a six-lane freeway between the Los Angeles County line and Vineyard Ave. near the east city limit of the City of Ontario, according to Clyde V. Kane, District Engineer of the State Division of Highways in San Bernardino.

Bids for this improvement, which will cover about 6-miles of the freeway through the cities of Montclair, Upland and Ontario, will be opened in Los Angeles on Feb. 16.

The additional lane will be placed on the inside of both roadways. The on-ramp acceleration lanes at Central Ave., Mountain Ave., Euclid Ave. and at 4th St. will be lengthened to afford easier merging of traffic.

DIRECTIONAL SIGNS, many illuminated, will be installed to conform to Interstate Highway standards. Additional highway lighting will be located at ramp connections to provide added safety.

Kane said that during the approximately 7-½ months the contractor will have to complete the job, inconvenience and delay to the traveling public will be kept to the minimum. Between the hours of 3:00 p.m. and 6:00 p.m., Mondays through Fridays, and all day on Saturdays, Sundays and legal holidays, two traffic lanes will be kept open in each direction. The California Highway Commission has made $950,000 available for this project.

Staff Member Visits State Legislature

(Editor's Note: Ragna Olausen, Upland High student and member of The News staff, was in Sacramento for the opening of the 1961 session of the California Legislature. Her observations follow.)

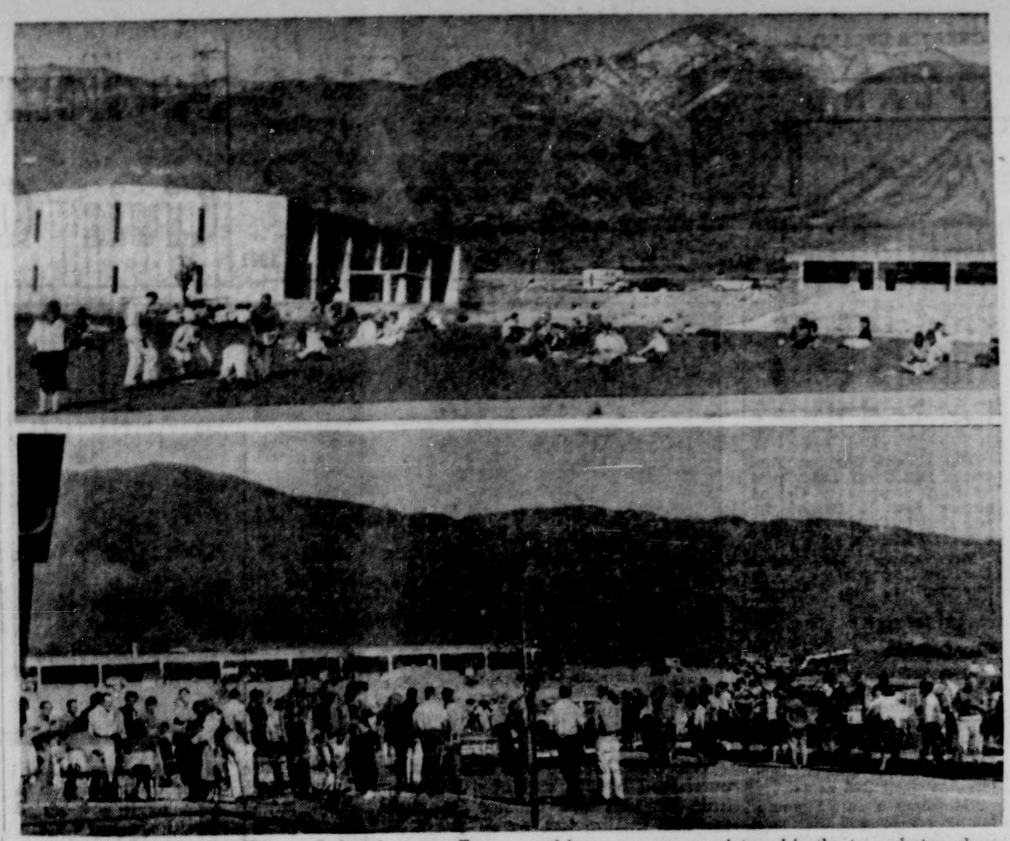

With the start of the New Year came the start of a new session of the California State Legislature. Our state governing body held its opening session on Jan. 2, 1961.

This opening session, lasting for barely an hour, consisted mainly of the swearing in of Senators and Assemblymen who were elected on Nov. 8. After this formality, the President Pro Tempore of the Senate and the Speaker Pro Tempore of the House were elected by their respective groups along with several other officers in each body.

SEVERAL BILLS were introduced to the Senate at this time. They also voted on some resolutions which were mainly concerned with informing the Assembly and the Governor of the organization of the Senate.

Before the close of this brief session, many of the legislators gave special recognition to their guests by requesting that they be granted privileges of the floor and that their names be inscribed in the daily journal.

The Holiday session was then adjourned until the following morning when Gov. Brown delivered his speech to a joint meeting of Assemblymen and Senators in the Assembly chambers.

RESPITE FROM STUDIES — A bomb scare Tuesday morning interrupted classes at Chaffey College while authorities searched the building for a bomb they never found. Students at the college took advantage of the situation to relax and play under the warming sun on the campus. They gathered in small and large groups as pictured in the two photos above. The four students in the lower left hand corner of the top picture used the time to practice a few football signal drills. The largest of the groups is shown in the bottom photo.

The hop will be open to all teenagers in the West End. Tickets will be available at the door. A prize will be offered for the fanciest socks at the hop and school clothes will be required. Door prizes will also be awarded.

Chairmen for the event are Judi Johnson, special projects; Judy Jackson, entertainment; Dianna Dunston, Upland High School, decorating; Jane Byrne, decorating; Steve Brucker and Tim Crater, house committee; Alana Scott, Chaffey High School, Publicity.

BOMB SEARCH is being conducted in Chaffey College gym athletic equipment room by these two members of the sheriff's department while an employee of the college, right, stands by with keys to admit the men to other rooms in the gym. The search did not uncover the bomb reported to Upland police by an unknown person. The only suspect was released by authorities late Tuesday afternoon.

Highlander Topics

by Ragna Olausen

What's new Highlanders? Maybe it's a little early, but I know some Uplanders who are already starting to cram for semester finals. You know they're only two weeks away.

While studying, these hep students are listening to the UHS top 10 records. They are 1. Exodus; 2. Corinna, Corinna; 3. Lonely Teenager; 4. Are You Lonesome Tonight; 5. Doll House; 6. Your Other Love; 7. Sway; 8. Sailor; 9. Calcutta; 10. Poetry in Motion.

Did you know that the Harlem Clowns are going to play in our gym next week. They're fabulous entertainers, and I suspect there will be lots of Highlanders on hand to witness the game. Will you be there?

IN BETWEEN activities and homework you just might find some time to do a little reading. If so, here are some suggestions of well liked books. Travels of Jamis McPheeters by Taylor; The Small Woman by Burgess; Goodin's Take Care of My Little Girl, and Smith's A Tree Grows in Brooklyn are highly recommended books.

"Exodus" seems to be a very popular topic of the Scholarship Society lat ely. They ventured to L. A. today to see this film.

Those in the know suggest that you see a movie this weekend. They particularly like "Kings Go Forth" starring Frank Sinatra, Tony Curtis, and Natalie Wood. "The Mouse That Roared" is a comedy about a very small country in Europe that wages war on the U.S. and wins!

THE PEP CLUB says, "Come to the games." If you do this, you will be entertained by their card stunts. But you must arrive on time, for they do the trick when the cheerleaders do the hello yell.

There are lots of school activities coming up in the near future. But, don't get too deeply involved in them, for we have to remember finals.

Until next week—

Upland College Dean Authors Mag Article

A summary of research completed by Dr. Ernest L. Boyer, Dean of Instruction at Upland College, will appear in the March issue of The Journal of Communication, a national professional publication.

The report entitled, "Effects of Delayed Sidetone and Speech Content on Elapsed Reading Time" summarized a study conducted in cooperation with Dr. Victor P. Garwood, Research Associate in the Deafness Research Laboratory at Children's Hospital in Los Angeles.

In the experiment 60 subjects read three different groups of sentences. The three sentence groups were the same in length and had been phonetically balanced. However, they differed on the basis of the emotional impact of the ideas expressed.

THE SENTENCES in one of the groups were judged to be "pleasant", in another "unpleasant" and in the third "neutral." The reading times for the three different groups of sentences were measured and it was discovered that subjects took longer to read both the "unpleasant" and "pleasant" sentence groups than they did to read the "neutral".

Following the first reading, the subjects then were asked to reread these same sentences while competing with a distraction. During the second reading the speech of the subject was recorded and then returned to him through earphones a fraction of a second after it would be heard normally. This procedure produced an "echo" effect and was very annoying to the speaker. However, even when encountering this distraction, subjects took longer to read the "unpleasant" and "pleasant" sentences than they did to read the "neutral" sentences.

DOCTORS BOYER and Garwood conclude that the fluency of a speaker may be determined in part by the emotional intensity of the ideas he expresses. For many speakers emotionally charged speech material may result in greater speech hesitation and a slight reduction in speaking rate. Such speech hesitation may result from the speaker's attempt to avoid saying that which is embarrassing to him personally or socially unacceptable. Even when distractions are introduced during the speech act the negative influence of emotionally loaded words and ideas is not removed.

Dr. Boyer teaches basic courses in Speech Pathology and Audiology at the local college and recently completed a postdoctoral fellowship study in medical audiology at the University of Iowa Hospital.

Upland Matmen Win Fifth Straight; Compile 215 Points to 31 for Foes

Upland High Cagers Face Chino, Bonita

UHS varsity basketball players grabbed their first league victory in the loop opener against Corona, 58-42, with every player on the squad seeing action in the contest.

Capturing the lead from the start, the Highlanders moved on to win with nine out of the 11 players getting in the scoring column. Bob Bittner, Junior forward, picked up 14 points, the highest individual score on the UHS squad. Tom Solters with 11 points, and Dave Thompson, with eight, were also high scorers.

Player of The Week honors went to Lou Schmutz who totaled 22 player points. Bittner was the runner up.

Earlier in the week, the team bowed to Rubidoux in a non-league contest, 57-44. Although UHS managed a 23-22 lead at the half, they faded in the third quarter.

BOB BITTNER was high point man for this game, scoring 16 points. Tom Solters picked up seven points and Lou Schmutz made six.

The class B squad also defeated the Corona team, 54-32 in an effort to retain the league championship. In the Rubidoux game, they lost, 39-34.

The C basketball team scored a win against Corona also, 41-30.

In the Tri County League, Upland, Chino, and Claremont have scored one win and no losses. Pomona, Corona, and Bonita, have scored no wins and one loss.

Upland goes to Chino Friday night and will travel to Bonita for an afternoon game on Tuesday.

THIS AND THEN . . . Sam Stanson uses his foot and leg for leverage against Ramona of Riverside's Von Kaenal to flip him over, start of flip in top picture, and exerts great energy and strength in the process of doing so as shown in the smaller photo. Stanson defeated his man a short time later. Upland won the team event.

I'LL BACK-HAND YOU is not what referee Al Searloss, Chino, is saying. Actually, Searloss had just released the hand of an Upland High School wrestler which he was holding high in a symbol of victory over a Ramona of Riverside matman. Enthusiastic Upland team members swarm around the winner at the conclusion of the match.

Coach Bandy Says Squad Improving

The Upland High School wrestling squad Monday scored a 43-5 victory over Ramona of Riverside for its fifth straight win of the season.

On the road to a highly successful season, the variety matmen have compiled 215 points while holding their opponents to 31 points.

The Upland wrestlers took second place at the San Bernardino Valley Conference Christmas wrestling tourney and have defeated all schools in the area, including defending CIF champions Pacific High.

THE ONLY team to defeat Upland was Mt. Miguel of San Diego which was second in CIF play last year. Seven of the 12 Highlanders won medals enroute to a 77-point performance.

Scores this year include, with Upland score first, 51-3, Chino; 48-6, Morningside; 33-11, Redlands; 40-6, Riverside, and 43-5, Ramona.

Among the top performers for the Upland team are: Artie Perez, Charlie Martinez, Joey Caldera, Sam Stanson, David Gonzales, Dwayne Patterson, Dick Caldera, Charles Patterson, Ted Gilliland and Mike Christensen.

LAST YEAR the local wrestlers lost their first three matches of the season and came back to win the next eight, including a 33-11 victory over CIF champions and a tie, 20-20 with Redlands, defending CBL champions.

Coach Bandy will take his matmen to Fontana on Wednesday and will be facing one of the top teams in the area.

Smalley began his minor league career in 1944 with the Los Angeles Angels of the Pacific Coast League. His major league career started with the Chicago Cubs in 1948. He remained in the major leagues as a shortstop until 1958.

As a player-coach at Spokane in the Pacific Coast League last year, the team won the pennant by 11½ games.

WORKING WITH the Dodger organization at Spokane he has an opportunity to see and help train future Dodger players.

Smalley was born in Springfield, Mo., in 1926, is married and has three children.

The Father-Son banquet will be held in the cafeteria, followed by a speech by Smalley. The group will then adjourn to the auditorium to view a film of the Dodger-White Sox series of 1959.

Junior High Cagers Win Two, Drop One

The Upland Junior High Red Raiders won two games on Saturday Jan. 7, while losing one in league action. The Raiders invaded the Chaffey High School gym to play De Anza.

In the A game, Coach Gordon Engle's Raiders defeated an outclassed De Anza squad, 33-22. After leading at the half, 16-12, and after a close third period which saw the score at 22-18, Upland, behind the hot shooting of Tom Orum, Bill Talley and Dick Cotriss, raced to an 11 point final margin.

High man for the game was Bill Talley with 15 points, followed by Orum with eight. It was the A squad's first win in the tough Ontario league.

COACH GEORGE Schilens league leading team was upset by the lightly regarded De Anza in a close contest, 26-23. It was the first loss for the league leading Raiders who were cold from the free throw line as well as from the floor. The Upland squad missed 9 charity tosses.

The B squad was led by diminutive Don Wilcox who scored nine points. Upland led at the half 12-7, and at the three quarter mark 20-18, but a "cold" floor game in the last period saw De Anza score the upset.

Coach Bob Surprises C squad assured themselves of a tie for third place with a cliff-hanging 22-21 victory over De Anza.

TRAILING 15-7 at the half, Upland came storming back after intermission to outscore De Anza, 15-6. With 12 seconds remaining, Don Ward calmly sank a free throw with the score tied at 21-21. De Anza took a shot just as the game ended but it was short.

Rick O'Steen led the Upland defense by controlling rebounds on both boards before fouling out.

Bob Shelton scored nine for the winners while O'Steen contributed six points.

The Raiders will host the Vernon Vikings at the Upland High School gym Saturday Jan. 14.

Mt. SAC Art Exhibit Now In Progress

"The Image in Sculpture" is the title of Mt. San Antonio College's first art exhibit of the new year which opened Jan. 11. This is the first of a four-part art series to be seen at the college during the next four years.

The sculpture exhibit will feature items of interest from a number of area collections. An unusual proto-Siamese Uthong head of Buddha which characterizes early Buddhism and a small Romanesque relief angel which represents an early form of Christian art have been contributed to the show by the Harry Franklin Gallery in Beverly Hills.

OTHER OBJECTS to be exhibited are from the collections of Esther Robles Gallery, Beverly Hills; Landau Gallery, Beverly Hills; Mr. and Mrs. Jack Zajac, Claremont; Mr. and Mrs. James Hueter, Claremont; Mr. and Mrs. J. R. Cooley, Claremont; Mr. and Mrs. C. H. Hertel, Upland; Mr. and Mrs. Thomas Glenn, Claremont; Scripps College, Claremont; and Mr. and Mrs. H. Rudley, Beverly Hills.

A late Gothic polychrome wood figure of Christ from the collection of Mr. and Mrs. Millard Sheets of Claremont will also be featured in the exhibit.

Also on display will be a piece of sculpture termed the Bayre Eagle which represents 19th and 20th century art. This is from the collection of Mr. and Mrs. Albert Stewart of Claremont.

STRATEGY SESSION between Coach Bandy and Upland High School wrestling team member Sam Stanson was caught by The News photographer during the match between the local team and Ramona of Riverside on Monday afternoon at Upland. Stanson had just completed and won his match against Ramona's Von Kaenel and Coach Bandy was pointing out mistakes the wrestler made and explaining how to correct them.

Kiwanis Bringing Clowns of Basketball to Upland

More fun than a barrel full of monkeys!

That is the line used by a mid-western sports writer years ago to describe the Harlem Clowns, fabulous basketball wizards and court comics.

The merry madcaps of the hardwood will be here to entertain local fans on Jan. 18 at the Upland High School gymnasium, sponsored by the Kiwanis Club of Upland. All proceeds will go to underprivileged children in the local areas.

The crazy Casaba Comics will be playing against the Cal Elefantes.

Now a national institution, the Harlemites gained their reputation in 25 years of traveling around the country playing a seven-game weekly schedule five months of every year.

THEY WERE originated by "Runt" Pullins, one of the great names of comic basketball. It was Pullins who first tacked the name of "Clown Ball" on this type of play.

Pullins was a member of the original Harlem Globetrotters team back in the late 1920's. He broke with Abe Saperstein, the Trotters' boss, in 1934 and went on the road with his now famous Clowns.

This is the 26th year for the Clowns and during that time they have played thousands of games in the USA, Canada, Mexico, and Hawaii.

There will be a preliminary game at 7:00 p.m. between the Upland Junior High and the Upland High School D team.

Advance tickets may be purchased at Uplander Motor Hotel, Ralph's Sporting Goods, both in Upland, and at the Flying A Service station in Ontario.

EDDIE HURT, dribbling star of the Harlem Clowns and a razzle-dazzle type ball handler, will be seen in action here when the hilarious court comics play at Upland High School gym on Jan. 18 under the sponsorship of Upland Kiwanis for the benefit of underprivileged children in local areas.

Upland Grid Coach Spot Up for Grabs

Upland High School football head coach, Harley Lovitt, has unofficially resigned his grid coaching job but said this week that he would continue to coach the high school golf team this spring.

Beyond that Coach Lovitt was uncertain as to his future coaching plans in football.

Lovitt has submitted his letter of resignation from the football coaching spot but district officials said Tuesday that no official Board action is expected until contract renewal time in May.

Lovitt said he asked to be transferred within the physical education department at Upland. He is a tenure teacher on the Upland faculty.

LOVITT COACHED junior high sports for two years and then became Jerry Bell's assistant at Upland as backfield coach. A spot which he held for three years.

Coach Lovitt was moved into the head coaching job when Bell was advanced to athletic director at the local high school.

Len Cohn apparently holds the spotlight for top consideration as Lovitt's successor.

Cohn guided Claremont High School to six straight Tri-County League titles before stepping down at the end of the 1959 season.

Informed sources say Cohn has long been interested in the Upland football job and that Thomas Glasheen, Upland principal, has long been a great believer in Cohn's talents as a coach and teacher of boys.

Group Chief In Upland

Thomas Chadwick, Vermont, commander in chief, Sons of Union Veterans of Civil War, is visiting with Earl F. Riggs, 1371 W. 7th St, Upland.

Riggs is a past commander in chief of the SUV.

Chadwick is touring Southern California points of interest and was tendered a reception by the Department of California and Pacific on Monday in Pasadena.

THE PROGRAM included several numbers by Mrs. Clyde Mackall, Upland.

Membership in the Sons of Veterans organization are being accepted during Chadwick's visit in Upland and interested persons may contact Riggs at YUkon 6-8049.

Plans are now being formulated, Chadwick said, for observance of Civil War centennial.

Panthers Bomb Riverside Five

Jim Bowers led the Chaffey Panthers to a 99-68 win over Riverside. By half time, Bowers, a 5'11" 160 pounder, picked up 21 points for the Panthers. Bowers completed 15 of 29 field goal attempts, and made 3 of 5 free throws.

Other high Panther scorers were center Bob Mackey, and George Spicer, each scoring 16 points. Ron Kincaid added 11 points as the Chaffeyites completed 47.2 percent of the goal attempts.

At this point in the Eastern Conference Basketball standings, Chaffey, Fullerton, and Santa Ana each tie for the first place in their league with one win and no losses.

San Bernardino Valley Municipal Water District seems to have evaded MWD membership by signing a direct contract with the State for Feather River water to be delivered via the East Branch, cost of which is estimated at $325 million.

Ironically enough, however, MWD has been asked to shoulder $280 million of that cost, leaving "only" $45 million to be paid by SBVMWD.

By contrast, 225 wells similar to that recently completed by Stephan Riess near Yucaipa, averaging $40,000 and delivering 500 gallons per minute each, would provide the same quantity of water to SBVMWD for only $9 million. (This allows for 50 per cent down-time.) Furthermore, such water, of superior quality, would be available quickly (not 10 or 20 years hence) and could be locally financed as needed.

Now what would SBVMWD's average charges per acre-foot have to be to defray costs of these proposals with 4 per cent interest over twenty years for a total usage of one million acre-feet (excluding local treatment and distribution costs)?

1. East Branch (Full cost including interest)— $455 per acre-foot.
2. East Branch (Less $280 million MWD subsidy) — $53 per acre-foot.
3. 225 Wells— $13.60 per acre-foot.

Taxpayers of both districts should let their legislators know, without question, how they feel about this proposed FRP fiasco.

Very truly yours,
Morton C. Hull
